

Attendance and Punctuality Policy

Formby High School
Determined to Achieve

Formby High School Attendance and Punctuality Policy

Rationale

The Law requires parents or guardians to ensure their child receives efficient, full-time education, either by regular attendance at school or otherwise.

All schools have a statutory duty to record student attendance twice a day; once at the start of the morning session and once during the afternoon session. An entry must be made on the attendance register for all students of compulsory school age who are on the school's roll.

This policy aims to promote excellent attendance and punctuality amongst all students. Whilst the responsibility for attendance and punctuality lies with parents, the school understands the importance of working in partnership with parents to ensure all students attend school regularly and arrive on time.

Formby High School will encourage excellent attendance for all students by offering an environment in which students feel valued and part of the school community. Excellent attendance underpins our stated aims that all students should feel that school provides a safe and pleasant environment for effective learning and that they are able to achieve their academic potential.

Students can only maximise learning and other opportunities if they are at school, every day the school is open. Absence is not acceptable unless it is unavoidable or authorised by school.

Definitions of Key Terms

Authorised Absence – student absence that has been approved by school and coded accordingly as an acceptable reason has been provided (for example, illness, to attend a family funeral or an unavoidable medical appointment during school time). Details of illness must be provided to the school and medical evidence may be requested.

Parent(s) – where parent(s) is used this relates to the person(s) who have parental responsibility for the child (parent(s), legal guardian(s) / carer(s)).

Persistent Absenteeism – a student who has an absence level of 10% or above and is deemed to be missing a considerable amount of school that will have a detrimental impact on his / her learning.

Unauthorised Absence – student absence that has not been approved by school and coded accordingly as the school does not consider the absence to be reasonable (for example, a shopping trip, a family holiday, any form of truancy or where an adequate medical reason cannot be provided).

Policy Aims

Formby High School will:

- Promote a culture across the school which identifies the importance of regular and punctual attendance.
- Make attendance and punctuality a priority for all those associated with the school, including students, parents, teachers and governors.

- Develop positive and consistent communication between home and school on all matters concerning attendance and punctuality.
- Recognise and respond accordingly when a student's attendance causes concern.
- Recognise and respond to the needs of individual students when planning reintegration following significant periods of absence. Specific attention will be given to ensure students from vulnerable groups are given the support they need.
- Set targets to improve individual student and whole school attendance levels, through a systematic approach to analysing attendance related data.
- Work in collaboration with the Local Authority regarding support for parents whose children's attendance levels are causing a concern.

Policy Statements

- The school will comply with the latest Education (Pupil Registration) (England) Regulations (2006) which were updated on 1 September 2016 and the non-statutory School Attendance Guidance for Maintained Schools, Academies, Independent Schools and Local Authorities (September 2018).
- The implementation of this policy will support the school in meeting its safeguarding obligations to all students and it recognises equality of opportunities for all.
- All students are expected to maintain attendance of as close to 100% as possible and arrive punctually to school. This is considered to have significant advantages in promoting good learning and progress.
- Excellent attendance and punctuality are highly valued – the school will recognise and celebrate excellent attendance and punctuality by students.
- The school will work in partnership with parents and carers to address higher than expected levels of absence or repeated failure to arrive at school on time.
- Annually, the school will set a target for student attendance.
- In order to safeguard the welfare of all students, the school will make contact with parents using the 'first day response' method.
- The same principles and expectations apply to all students at Formby High School, including those in Sixth Form.
- The school will report regularly to parents on their child's attendance record.

Roles and Responsibilities

Parents must:

- Encourage and support their children to attend school regularly and punctually.
- Support the approaches adopted by the school and, where appropriate, work in partnership with the Pastoral Support Team to ensure their child attends school regularly and arrives on time.

- Inform the school by telephone or email by 8.55am on the first morning of their child's absence.
- Ensure the school is kept fully informed of any change to contact details. This will enable school to maintain accurate student records and make immediate contact with parents in the event of a child's unexplained absence from school.
- Provide medical evidence for absence due to illness if their child's attendance is an ongoing cause for concern or if the authenticity of illness is in doubt.

Students must:

- Arrive at school punctually ensuring they are in their tutor room, or assembly, by 8.55am.
- Follow the School's procedures if arriving late.
- Take responsibility for completing classwork and homework missed during a period of absence. If necessary, the student should discuss this with his / her Climate for Learning Leader who will assist in collating work.

Form Tutors and Climate for Learning Leaders must:

- Ensure that attendance registers are completed accurately and submitted on time during morning form tutor period or at the start of assembly.
- Code registers according to the statutory codes, seeking advice from the Deputy Headteacher if necessary.
- Ensure attendance registers remain up to date and any uncoded absence is followed up promptly.
- Monitor the attendance of students within their tutor group / year group and alert the Pastoral Support Team and relevant member of the Senior Leadership Team of any students who may be causing concern.
- When necessary, make contact with parents to discuss any concerns regarding attendance.
- Promote and recognise good attendance when opportunities arise, including during morning form tutor period and year group assemblies.
- Support students whose attendance or punctuality is a cause for concern.
- Follow up absence notes on a student's return to school.

Pastoral Support Team must:

- Provide parents with a record of their child's attendance if requested.
- In conjunction with Climate for Learning Leaders and Form Tutors, monitor the attendance of all students and identify a cohort of students for whom intervention strategies are required.
- Implement appropriate strategies, including engagement with parents, to bring about improvements in the attendance of any students with whom the school has concerns.
- Regularly monitor, review and update the list of students whose attendance is causing concern.
- Conduct home visits if necessary, including to meet with parents / carers and / or collect

students who are absent from school without authorisation.

- Respond accordingly if students have more than two periods of absence in a half term.
- Inform parents when, due to a child's level of attendance, absences without medical evidence will not be authorised.
- Inform Sefton's Attendance and Welfare service when a student's attendance or punctuality is causing a concern.
- Inform parents of potential penalties where there have been periods of unauthorised absence and / or persistent punctuality concerns.

Headteacher must:

- On an annual basis, present a target level of attendance for the school year to the Governing Body for approval.
- Receive regular feedback from the relevant member of the Senior Leadership Team on matters concerning the attendance and punctuality of students.
- Report regularly to the Governing Body on the attendance of students at school and the effectiveness of strategies used to promote good attendance and punctuality.
- Consider requests for leave of absence on a case by case basis and in light of the existing statutory regulations and the individual circumstances concerning the request.
- Inform parents as to whether or not a request for leave of absence has been approved.
- Promote and recognise good attendance and punctuality amongst students, staff and parents.

Governing Body must:

- Monitor and review the school's Attendance Policy.
- On an annual basis, approve a target level of attendance for the school year.
- Provide a representative to sit on the school's Attendance and Punctuality Panel.

Processes and Procedures

Informing School of an Absence

If a child is absent, parents / carers must contact school as soon as possible on the first day of absence (if possible before the start of the school day at 8.55am). If the absence is longer than originally reported it is expected that parents will maintain contact to keep school updated on their child's illness and expected date of return.

If a student is absent from school, we will telephone and may visit parents / carers on the first day of absence if they have not already made contact with school. We may make further contact should absence persist.

Lateness

Students are expected to be in their tutor rooms, or assembly, at 8.55am; those students who arrive

at school after this time will be marked as late. If a student arrives after 9.10am he/she must sign in at the main office. Students in Year 7, 8 and 9 who arrive after 8.55am will be issued with a behaviour point. Students in Year 10 and 11 who arrive after 8.55am will be issued with a school detention.

At 10.10am the registers will be closed. In accordance with the Regulations, any student who arrives after this time will receive a mark that shows them to be on site, but this will not count as a present mark and it will mean they have an unauthorised absence until a suitable explanation regarding the absence from school is provided by parents.

Recording Absence

The statutory absence codes will be used to code absence. All staff with responsibility for completing registers should do so in a timely and accurate manner. The lesson register should be called at the start of each lesson whilst students are standing behind their chairs. Absence will be coded as 'N' until a written explanation has been provided, at which point it will be coded accordingly. Parental notes explaining absence will be retained on the student file. Where a note has not been provided, the absence will be followed up with a telephone call to parents.

Monitoring Procedures

- Data relating to attendance and punctuality is analysed weekly by Climate for Learning Leaders and discussed at line management meetings with the Assistant Headteacher; emerging themes or issues will be further discussed at Pastoral Forum.
- Punctuality to lessons is the responsibility of individual teachers and the Curriculum Area in which they teach.
- Registers that are not completed correctly or in a timely manner will be identified by the Pastoral Support Team and an email will be sent to the relevant member(s) of staff requesting that it be completed (with a copy provided to the Assistant Headteacher).
- Patterns of attendance and punctuality will be monitored by the Pastoral Support Team and any student whose attendance begins to drop, or has an increasing number of 'broken weeks', will become a cause for concern. The Pastoral Support Team will alert the Climate for Learning Leader to discuss an appropriate course of action.
- Where necessary, the school will implement a range of strategies to promote improvements in a student's attendance and punctuality; these may include writing to parents, setting targets, conducting a home visit, an invitation to attend the school Attendance and Punctuality Panel or support from the Local Authority.
- Where the authenticity of an absence is in doubt, or a pattern of absence causes concern, then the absence may be recorded as unauthorised. A member of the school's Pastoral Support Team and/or the Climate for Learning Leader will contact parents to request medical evidence to support this and future absences.

Requests for Leave of Absence

Legislation prevents the Headteacher from authorising any holidays taken during term time unless in exceptional circumstances. The School will request Sefton Council issue Fixed Penalty Notices to the parents of any students taken out of school for five days or more of unauthorised holiday.

'Exceptional circumstances' might include, for example, attending a funeral of a close relative, or representing the school in extra-curricular and enrichment activities. Taking students out of school for family holidays is not acceptable and will not be authorised. Parents who choose to take their children out of school without permission must be aware that the absence will be coded as unauthorised.

If parents are requesting leave of absence for non-school-based activities (such as performances, sporting events, etc) a Leave of Absence Request form should be completed in advance of any planned absence. In such cases, the Headteacher may authorise up to five days per academic year for such purposes.

Requests for leave of absence should be made to the Headteacher by completing a 'Leave of Absence Request Form' and submitting it, along with an explanatory letter, at least 10 school days in advance of the date of intended absence.

Legal Proceeding

The school will seek to adopt a range of strategies and will work in partnership with parents to promote excellent attendance and address poor attendance. Where such measures do not have the intended outcome, the Governing Body reserves the right to pursue legal proceedings, including requesting that the Local Authority issue a fixed penalty notice.

To ensure consistent and equitable application, the local delivery of the fixed penalty notice scheme will be managed by the Sefton Attendance and Welfare Service.

The circumstances in which a penalty notice for non-attendance may be issued include:

- Unauthorised leave of absence during term time (of at least 10 school sessions per term or 18 over two consecutive terms)
- Parentally condoned absence
- Unwarranted delayed return from leave of absence (without school agreement)
- Persistent late arrival after the register has closed
- Truancy

The option of fixed penalty notice will only be considered when all alternative strategies have been applied and not resulted in the necessary improvements. Further guidance is set out in the Local Authority document Procedures for Issuing Education-Related Penalty Notices (September 2015).

Reintegration of Students following a Significant Period of Absence

A child who is returning to school after a long period of absence will be supported by his / her form tutor, Climate for Learning Leader and subject teachers to ensure he / she is able to catch up with missed work. For a short period of time, it may be necessary for the student to complete additional homework through attending the school's after school study clubs.

Each individual case will be dealt with accordingly and it may be necessary to put reasonable adjustments in place; for example, a phased or partial return initially. A copy of any temporary reduction in timetable will be sent to the Local Authority.

For a student returning to school who has a mobility issue, priority will be given to his / her health

and safety, and that of his / her peers. Prior to returning to school, a meeting will be arranged with the student and his / her parents to determine which reasonable adjustments will be implemented.

Recognising and Promoting Good Attendance and Punctuality

The school will adopt a range of strategies to encourage and reward excellent attendance, including the issuing the allocation of rewards points, inter-tutorial competitions and a regular prize draw for students with 100% attendance. Attendance will be a standing agenda item at Pastoral Forum meetings and discussed at Senior Leadership Team meetings.

Support for Students who have Difficulties Attending School

A number of children miss long periods of school through sickness, exclusion, school refusal / phobia and may feel especially vulnerable when they do eventually return. It is vital, therefore, to make the transition back to full-time schooling as smooth and untraumatic as possible.

Ideally, the return of the long-term absentee will be carefully planned in advance with the student, parents, Climate for Learning Leader and Pastoral Support Manager, agreeing to a written programme or plan and, where possible, a phased or gradual return adopted.

To ease the return of the long-term absentee, subject teachers will be notified by email and will be responsible for providing meaningful work to be sent home and ensure it is regularly marked.

The Climate for Learning Leader will co-ordinate, monitor and review the student's return. Consideration will also be made with respect to the student's timetable and determine what is immediately possible and manageable.

Complementary Education

Sefton Complementary Education Service currently provides an education to:

- students who cannot attend their own school for a period, due to issues relating to their health; either physical, mental or psychological
- pregnant school girls or nursing mothers (during maternity leave, nine weeks before expected due date and nine weeks after delivery date)

Referral Pathway

Where a student is unable to attend school a referral will be made to the Complementary Education Service and the school will submit the following relevant information:

- the referral to Monitoring and Placement Group
- a completed Early Help Assessment Tool (EHAT)
- a completed Special Educational Needs and Disabilities (SEND) Support Plan
- a written report detailing the recommendation from a health professional

Where a student is offered a cycle of support with the Complementary Education Service, he/she will remain on roll at Formby High School.

ADDENDUM (updated March 2021)

Recording attendance in the school attendance register during the Coronavirus COVID-19 outbreak

In accordance with the updated Government guidance released on 7 January 2021, Formby High School will adhere to the details outlined below when completing school attendance registers.

From 8 March 2021 student attendance will be mandatory and the usual rules on attendance will apply, including:

- parents' duty to ensure that their child of compulsory school age attends regularly at the school where the child is a registered student
- school's responsibilities to record attendance and follow up absence
- the ability to issue sanctions, including fixed penalty notices, in line with the Local Authority's code of conduct

Testing

Starting on 4 March 2021, students will be offered asymptomatic testing on site – details of the testing programme can be found [here](#). Students who consent to testing should attend for their allocated tests and return to face-to-face education in accordance with the [phased return arrangements](#). Students not undergoing testing will attend school in line with our [phased return arrangements](#). Vulnerable children and children of critical workers in secondary schools should continue to attend school throughout, unless they receive a positive test result. Testing is voluntary, but strongly encouraged.

Not attending in circumstances related to coronavirus (COVID-19)

Although attendance is mandatory from the start of the Autumn term, there are some circumstances where students cannot attend school due to coronavirus (COVID-19).

A new category of non-attendance – 'not attending in circumstances related to coronavirus (COVID-19)' – will be used to record sessions that take place in the 2020-21 academic year where a student does not attend because their travel to, or attendance at, school would be:

- contrary to guidance relating to the incidence or transmission of coronavirus (COVID-19) from Public Health England (PHE) and/or the Department of Health and Social Care (DHSC)
- prohibited by any legislation (or instruments such as statutory directions) relating to the incidence or transmission of coronavirus (COVID-19)
- in line with the Secretary of State's expectation that no parent will be penalised for following official public health advice for their child not to attend a given session, this new category of non-attendance will not count as an absence (authorised or unauthorised) for statistical purposes.

Attendance Codes

From September Formby High School will revert to pre-outbreak attendance and absence codes.

Students not attending a session who meet the criteria for 'not attending in circumstances related to coronavirus (COVID-19)' will be recorded using code X. In addition, non-compulsory school aged students who are not expected to attend a session, as they did before the outbreak will continue to

be coded X.

Examples in which 'not attending in circumstances related to coronavirus (COVID-19)' could apply

In line with current legislation, and current guidance from PHE and DHSC, examples are as follows:

- 1. Students who are required to self-isolate as they, or a member of their household, have symptoms or confirmed coronavirus (COVID-19).**

Students who have symptoms should self-isolate and get a test. If a student tests negative and if they feel well and no longer have symptoms similar to coronavirus (COVID-19), he/she can stop self-isolating and return to school. If the student remains unwell following the test (such as with a different illness), he/she will be recorded as code I – illness, as would usually be the case. Code X will be used up until the time of the negative test result. We will not retrospectively change the attendance register due to a negative test result. If a student tests positive, he/she should continue to self-isolate for at least 10 days from the onset of symptoms. He/She should only return to school if he/she does not have symptoms other than a cough or loss of sense of smell or taste (anosmia). This is because a cough or anosmia can last for several weeks once the infection has gone. Code X will be used for the period of self-isolation until the test. After the student tests positive he/she will be recorded as code I (illness) until his/her return to school.

- 2. If someone in the student's household has symptoms, the household should self-isolate and the member of their household should get a test.**

If the member of the household tests negative, the student can stop self-isolating and can return to school. Code X will only be used up until the time of the negative test result when the student can return to school. If the household member tests positive, the student should continue self-isolating for the full 10 days from when the member of their household first had symptoms (or from the positive test result date if no symptoms experienced). Code X will be used during this period. Parents should inform school immediately about the outcome of a test (covid19@formbyhighschool.com). Formby High School does not require evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation.

- 3. Students who are required to self-isolate because they have been in close contact with someone who has symptoms or confirmed coronavirus (COVID-19).**

Students may not have symptoms themselves but may be required to self-isolate if they are a close contact of someone with coronavirus (COVID-19). The NHS test and trace guidance states that a person should self-isolate for 10 days if he/she has had recent close contact with a person who has tested positive for coronavirus (COVID-19). In the event of a confirmed coronavirus (COVID-19) case in the school community, the local Health Protection Team will provide advice on who this applies to, advising them to self-isolate for 10 days since they were last in close contact with the person that has tested positive when they were infectious. Code X will be used for these students during this period.

- 4. Students who are required by legislation to self-isolate as part of a period of quarantine after returning from overseas.**

As usual, parents should plan their holidays within school breaks and avoid seeking permission to

take their children out of school during term time. Families should also consider that their child may need to self-isolate following trips overseas that require a period of quarantine. **Please ensure you are familiar with [current quarantine guidance](#).** If a student is required to be in quarantine on arrival in, or return to, the UK, **code X** will be used in the register.

5. **Students who are clinically extremely vulnerable when shielding is advised.**

If shielding has been advised nationally or in a local area by DHSC or PHE, then students who are clinically extremely vulnerable are advised not to attend school. Non-attendance in accordance with guidance from PHE or the DHSC will be recorded as code X.

Formby High School will contact parents of students who are shielding when measures in the local area are lifted and shielding is paused again, to set out the expectation that they can return to school. Code X will not be used for sessions after the student has been advised to return to school.

In relation to absences related to coronavirus (COVID-19), the school will continue to follow the most up to date government guidance.

Local or national lockdown

If rates of the disease rise locally, schools may need to prevent some students from attending. Formby High School will follow PHE or DHSC guidance on what measures are necessary in the event of local lockdown. Where attendance is to be limited to certain groups, 'not attending in circumstances related to coronavirus (COVID-19)' – code X – will be used for students who are asked not to attend. Where students are not able to attend school, as they are following clinical or public health advice related to coronavirus (COVID-19), the absence will not be penalised

Remote education

If a student is not attending school due to circumstances related to coronavirus (COVID-19), he/she will immediately be expected to access Remote Classroom. Engagement with Remote Classroom will be monitored through Class Charts.

Data collection

Collection of school attendance data as part of the school census will resume in January 2021, collecting data for the autumn term 2020. Subject to the necessary legislation being made, from January 2021, the census will collect attendance codes in addition to absence codes.

Students and families who are anxious about attending school

It is likely that some students, parents and households may be reluctant or anxious about attending school. This may include students who:

- have themselves been shielding previously but have been advised they no longer need to shield
- live in a household where someone is clinically vulnerable (CV) or CEV (including young carers)
- are concerned about the possible increased risks from coronavirus (COVID19) such as those who have certain conditions such as obesity and diabetes

Where this is the case the school will discuss concerns with parents and students to reassure them of the measures in place to reduce risks. We will remind parents of compulsory school age students that they must be in school unless a statutory reason applies.

Encouraging regular school attendance

Where students are identified as reluctant or anxious about attending or who are at risk of disengagement a plan for re-engaging them will be implemented. Particular emphasis will be placed on:

- disadvantaged and vulnerable children and young people
- students who were persistently absent prior to the pandemic
- students who have not engaged with school regularly during the pandemic

To support families who will need additional help to secure students' regular attendance, additional catch-up funding as well as existing pastoral and support services, attendance staff and student premium funding will be utilised.

Vulnerable children

When a vulnerable student is required to self-isolate, we will:

- notify their social worker (if they have one)
- agree with the social worker the best way to maintain contact and offer support

Throughout the self-isolation we will:

- check if the vulnerable student is able to access remote education support
- support them to access it (as far as possible)
- regularly check if they are accessing remote education

Where a student has a social worker, he or she will be informed of any of absence.
